

# FLATHEAD CITY!

## Montana's Coming Town!

### The Town is Beautifully Located

In the Southwestern part of the fertile FLATHEAD VALLEY.

It has over 600,000 acres of rich agricultural land to the north and east of it. There are millions of feet of the finest timber in Montana to the south and west of it. The largest coal fields and the best quality of coal in the state are found in the Flathead Country.

It has been thought that the mineral belt rich in the adjacent Kootenai did not extend to the Flathead side of the "Kootenai Divide," but recent developments prove conclusively that rich bodies of

### Gold, Silver and Copper Ore,

are found almost within a stone's throw of Flathead City. Just west of the city two COPPER properties are being developed which show splendid bodies of rich ore. A short distance higher up the "divide" is located the "Last Chance" mine,

Assaying Very High in Gold and Silver,

and promises to become one of the great producers of the Northwest.

### In Addition to These Advantages

It has the famous "Kootenai" and "Libby Creek" Mining districts lying immediately west of the town, and Flathead City being the first town reached coming east on the Great Northern Railroad.

This must be the SUPPLY CENTER, and will receive the support of these districts.

### More Than 7,000 Tickets

have been sold over the Great Northern and Northern Pacific railroads within the last 30 days the objective point of all being the Flathead country.

### TROUBLE IS BREWING

Somebody Said to Have Been Monkeying With the Police Records.

### AN INVESTIGATION ORDERED

Marshal Daum Orders the Suspension of Day Jailer Vanston—The Commissioners Will Meet To-Night.

BUTTE, April 25.—While examining the records of the city jail this afternoon, the council finance committee made discoveries which are liable to cause trouble for somebody. The prison books have evidence of having been tampered with, the record of cases of a number of prisoners who paid portions of their fines being made to appear that the prisoners had served out their full terms.

The money paid over by them failed to find its way into the city treasury and was wrongfully appropriated by some one. Who that person is, the police commissioners will endeavor to find out at a special meeting called for that purpose to-morrow night. When the alterations and erasures were discovered, Marshal Daum ordered the suspension of Day Jailer Vanston, but the city attorney held that only the police commission has the necessary authority to suspend any member of the force.

### Odd Fellows Will Celebrate.

BUTTE, April 25.—To-morrow will be the 73d anniversary of the Independent Order of Odd Fellows, and the day will be fittingly observed in Butte. Expenses of an interesting character will be held at Odd Fellows' hall in the evening, the programme being as follows:

Opening Ode.....Centerville Glee Club  
Address.....Rev. Mr. Holmes  
Trio singing.....Messrs. Carr, York and Shroads  
Recitation.....Mrs. Goldberg  
Song.....Centerville Glee Club  
Address.....The Misses Lloyd  
Duet.....H. U. Downing  
Song.....Centerville Glee Club  
Closing Song.....Centerville Glee Club  
A ball will follow the programme.

### Jacobs' Scheme.

BUTTE, April 25.—J. J. Jacobs says that in June the Montana lottery will be given up. The legislature passed a law against lotteries, but Mr. Jacobs has run along just the same. He will give up the Montana lottery but will start up a similar scheme under the title of the Montana Mining, Loan and Investment company which is incorporated under the state laws.

Members of Court Pride of Meaderville, Ancient Order of Foresters of America and Knights of Sherwood Forest are requested to meet at Good Templars hall on Wednesday afternoon at 1:30 o'clock for the purpose of attending the funeral of Bro. J. H. Gorrage, by order Wm. Verran, C. R., S. H. Treator, commander.

A special meeting of the A. O. H., Division No. 1, will be held at their hall on Wednesday evening, April 27, at 8 p. m. All members are requested to be present. By order of Michael McKevitt, president; Philip J. Harrington, recording secretary.

### MINISTERS' MEETING.

They Are Interested in the Chloride of Gold Cure.

BUTTE, April 25.—The regular fortnightly meeting of the Butte Ministerial association was held to-day at the usual hour and place, and before it adjourned the reverend gentlemen had joined hands with the national chloride of gold cure, and had taken a substantial step forward in the way of redeeming habitual drunkards and doing good.

Rev. J. J. Bennetts of Meaderville read an interesting paper on "How to Secure the Conversion of Sunday School Children," which was afterward discussed by Wood, Holmes, Snyder, Erickson and Guiler and Major Camp. Major Camp suggested doing away with the international lesson leaves, holding that there were more children converted before these lessons were adopted than now. The other speakers antagonized this theory and expressed the belief that the lessons were a great help if properly used. This seemed to be the general feeling of the meeting.

Rev. S. W. Little of Walkerville was appointed to prepare a paper on "The Evangelistic Work That Should Be Done in Butte," which will be the question to be discussed at the next meeting. The ministers then adjourned in a body to the National Chloride of Gold and saw a patient "shot" with the magic fluid which makes temperance evangelists out of the hardest drinkers. Dr. Roberts addressed the visitors at length, telling how he administered the treatment and explaining the philosophy of the cure. He spoke of the work which the institute is doing, devoting special attention to the marvelous cures which had been effected in the cases of confirmed morphine, benzoin and opium smokers. He said that the majority of the "hop" smokers smoke eight hours a day and sleep 12, leaving only four hours for work. He told of one lady who is being kept by a Galena street saloonkeeper, who, before she commenced taking the treatment, smoked 12 hours every day and slept nearly that length. He described her as being an unusually fine looking woman, and said that her apartments are as nicely furnished and as neatly kept as any parlor in the city, but she had separate rooms in which she did her smoking.

The ministers were greatly interested in the doctor's explanation and all expressed the opinion that the cure would be a great help in saving those who are now slaves to the drink, opium or morphine habit. They promised to do all they could to help the institution and said that they would heartily recommend it whenever the opportunity presented itself. The cure will come up for discussion at the meeting of the association and in all probability the ministers will decide to deliver sermons on the national chloride of gold cure at an early date.

STUART, MONT., 1890.  
Messrs. Legon & Turk, Watchmakers and Opticians.

GENTLEMEN—I can speak with confidence of your knowledge of optics by your success in fitting me with glasses, as mine is a complicated case. My eyes were operated on by the celebrated Dr. Noyes of New York, and he fitted me with spectacles, which I had the misfortune to break, and so applied to you. I found your method of testing the eyes the same as practiced by Dr. Noyes, and your success in every respect as satisfactory.

I take pleasure in recommending any in need of spectacles to consult you. Yours truly,
